

Triangle Foot and Ankle Specialist, P.C.
1720 NW Maynard Road
Cary, NC 27513

Dear Patient of Triangle Foot and Ankle Specialist,

This letter is to notify you that we will be relocating our practice located at 1720 NW Maynard Road Cary, NC 27513 as of December 17th 2020. We will continue to see patients at our Cary office until this date. If you need to be seen by Dr. Thomas before we move please call and schedule ASAP to secure your appointment.

It is very important that you continue to receive podiatric care. You have the option of continuing your podiatric care with us at our new location located at 217 Davis Street Southern Pines, NC 28387 or continuing your podiatric care with another podiatrist of your choice. All medical records will be transferred to our new office. If you wish to have a copy of your records sent to another podiatrist, you will need to sign a medical record release form. This form can be found on our website at www.trianglefoot.com and sent to us via email office@trianglefoot.net, filled out online via our website, or faxed to (919) 851-3436 prior to December 17th 2020.

If you currently have custom made orthotics still at our office in Cary, NC please call (919) 851-3435 to make arrangements to pick them up. If the orthotics are not picked up by December 17th 2020 then they will be relocated to our new office (910) 757-0058. You are welcome to pick them up at our new office or we can mail them to you at a 25 dollar charge.

If you are a patient who would like to order a duplicate orthotic in 2021. Please feel free to call our new office (910) 757-0058 and place an order. We are more than happy to order this for you and ship to you. Duplicate orthotics will ship to you at no charge if ordered in 2021.

Lastly, for those of you interested in having surgery with Dr. Thomas. We plan to begin scheduling surgery again for early 2021 at FirstHealth Moore Regional Hospital in Pinehurst, NC. If you would like to schedule please call our office and we will discuss how that process will commence next year.

It has been a pleasure providing you with podiatric care, and I hope that you will allow me to continue providing podiatric care in the future at our new office. I apologize for any inconvenience this may cause you.

Sincerely,

Dr. Jeremy Thomas, DPM DABMSP
